Investment Strategy

The Brazos County Investment Strategy will remain unchanged, keeping investments very short-termed & liquid. With the safety of principal as the foremost objective of the County's investment policy followed by liquidity and yield - it seems prudent to continue keeping the majority of available funds in the County's depository where all funds are 110% collateralized.

For diversification the County has an investment account with TexPool that provides the safety of an overnight market.

Summary of Portfolio Changes

The deposit of interest is the only portfolio change to balances at this time and the **Weighted Average Maturity** of investments remains at 1 day due to the liquidity of funds invested with TexPool and on deposit at CitiBank of Texas
