TO: The Honorable Judicial Judges

The Honorable Commissioners' Court

RE: COUNTY AUDITOR'S REPORT

As required by Local Government Code Section 115.0035 we have examined (Note 1.) the accompanying Balance Sheet, Revenues and Expenditures of the various funds in and for Brazos County, for the eighth month ended May 31, 2016.

Local Government Code Section, 115.0035, Vernon's Texas Codes Annotated, "Examination of Funds Collected by County Entity or the District Attorney" states:

- "(a) For purposes of this section, "accounts" means all public funds that are subject to the control of any precinct, county or district official, including the accounts of law enforcement agencies and the attorney for the state composed of money and proceeds of property seized and forfeited to those officials.
- (b) At least once each county fiscal year, or more often if the county auditor desires, the auditor shall, without advance notice, fully examine the accounts of all precinct, county and district officials.
- (c) The auditor shall verify the correctness of the accounts and report the findings of the examination to the commissioners court of the county at its next term beginning after the date the audit is completed."

The Commissioners' Court has the oversight responsibility for the Balance Sheet, Revenues and Expenditures of the Brazos County General Fund, Special Revenue funds, Debt Service Fund, Capital Improvement Funds and the Internal Service Fund, for the eighth month ended May 31, 2016. Our objective is to express a conclusion on the correctness of these financial statements based on our examination.

Because of certain statutory duties required of the County Auditor, we are not independent with regard to the statements as presented, in light of the definition of "independence" as defined by the AICPA professional standards. However, our examination was performed with objectivity and due professional care.

The reports as included in the following statements are presented in compliance with Local Government Code §114.025, Vernon's Texas Codes Annotated, "County Auditor's Monthly and Annual Reports to Commissioners' Court and District Judges," which states:

- "(a) The county auditor shall make monthly and annual reports to the commissioners' court and to the district judges of the county. Each report must show:
 - (1) the aggregate amounts received and disbursed from each county fund;
 - (2) the condition of each account on the books;
 - (3) the amount of county, district, and school funds on deposit in the county depository;
 - (4) the amount of county indebtedness and other indebtedness; and,
 - (5) any other fact of interest, information, or suggestion that the auditor considers proper or that the court or district judges require."

The reports as presented are not presented in compliance with generally accepted accounting principles and reporting procedures, but are presented in another comprehensive basis of accounting (OCBOA). Should any member of the commissioners' court or the district judges wish a more detailed and comprehensive analysis and/or report, the county auditor's office would be more than happy to develop the report, or detail is available electronically by accessing the financial system.

We conclude the financial statements referred to above are correct, in all material respects, for the various fund's balances as of May 31, 2016, and the related cash receipts and disbursements for the month then ended on the cash basis of accounting. However, **the county auditor's office does not express an opinion**, nor is one intended to be expressed regarding the following statements, reports and schedules. This report is intended to be self-explanatory.

In considering the nature and extent of our procedures, we have evaluated the internal control structure of the various departmental financial operations. Our procedures included examining, on a test basis, evidence supporting the amounts in the financial statement referred to above. Our procedures also included assessing compliance with applicable laws and regulations. We believe that our procedures provide a reasonable basis for our conclusions.

The objectives of an internal control structure are to provide reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that only authorized transactions are executed, recorded, and reported in accordance with applicable laws and regulations. Nothing has come to our attention, which would cause us to believe that any department has failed to comply with applicable laws and regulations. We also found no conditions that we believe to be material weaknesses in the design or operation of the internal control structure of the county's financial operations.

The following information should be considered when reviewing the attached statements.

Balance Sheet – When comparing the Unreserved Fund Balance as reported on the balance sheet and those numbers reported on the Undesignated Fund Balances, it should be noted that the balance sheet is using the amount of revenues and expenditures as of May 31, 2016, whereas Undesignated Fund Balances are estimated revenues and expenditures for the entire fiscal year.

Reserve Fund Balances include those funds set aside for the Booneville Cemetery, Title IV-E programs, Indigent Health Care, and the Research Valley Partnership programs.

Receipts and Disbursements – The report represents the approximate financial position of Brazos County at May 31, 2016, on a modified accrual basis of accounting. The report is not intended to be 100% accurate because of the decentralized collection and payment system the County employs. For comparison purposes the County was eight months through the 2015-2016 budget year, and therefore it would be expected that revenues and expenditures would be at approximately 66.67% of the budget. The statement includes the majority of the revenues collected by the fee offices for the month of May as well as claims paid through the May 31, 2016 Commissioners Court meeting and the pay period ending May 20, 2016. The expenditures do not include revenues earned but not received nor encumbrances issued.

In reviewing the report if it appears that May revenues are short in the capital project funds for the accounts entitled "Reserve Fund Balance", however this is due to the fact that this account is actually moneys carried forward from the previous fiscal year and are available for budgetary purposes but will not show on the report as revenues received because they are not 15-16 revenues. Please see Undesignated Fund Balances of this report for an analysis of fund balances.

If the percentage spent for a fund is greater or less than the expected 66.67%, several factors need to be considered, such as capital outlay divisions do not incur monthly costs and therefore would not be at 66.67%, and some expenditures are cyclical in nature such as elections.

It should be noted that the County utilizes a modified accrual basis of accounting at year end for the Hotel Occupancy Tax revenue, however during the fiscal year the cash basis is used. In other words, the hotel occupancy tax revenues for the month of December were not recorded until received in February.

If you have any questions, please feel free to call me at 361-4359 anytime.

Thank you.
